#### Details

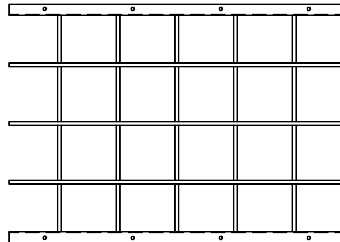

SG-1

SG-2

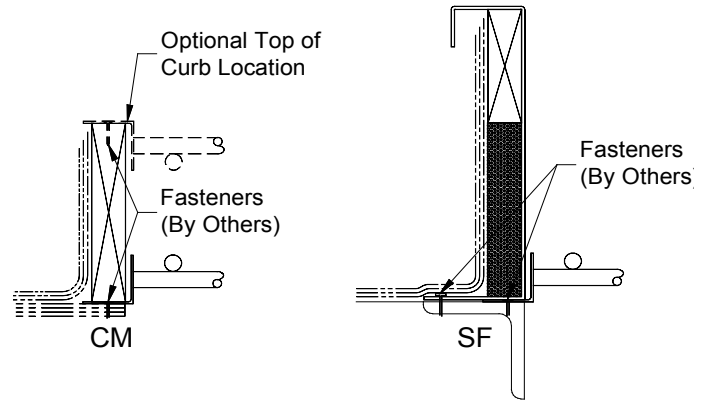

SG-3

SG-4

#### Specifications

Gladiator Security Grills shall be model No. \_\_\_\_\_ as manufactured by Bristolite Daylighting Systems, Santa Ana, CA. Security grills shall be fully factory assembled consisting of a 0.5" steel rod lattice, welded to a curb mounted frame comprised of two pre-drilled, 1/8" steel angles on opposing sides of the grill. When the grill is rectangular the angles are on the two long sides of the grill. The grill is to be anchored to the roof deck opening using corrosion resistant fasteners with an interval spacing of no more than 12" centers.
