

Quasar Reach

Drop Ceiling Skylights

Kit includes:

Clear Dome

Thick, durable acrylic, designed to prevent condensation, weather-tight collar accommodates changes in temperature, will not crack or leak

Heavy-Duty Flashing

Constructed of heavy gauged aluminum with NO seams to prevent leaking, features a forward sloping design to maximize amount of sun entering the unit at any roof pitch

Reflective Light Pipes (two 24" sections)

Silver-coated, mirror-like tubes reflect 98% of pure light, highly reflective at all angles especially in the early morning and late afternoon when it's needed the most, sealed system prevents heat from escaping into your home

Polycarbonate Lenses

Improves energy efficiency to earn Energy Star Rating

Ceiling Collar

Creates a tight fit to ensure a moisture and dust-free seal

Light Fixture

Seamless aluminum, powder-coated white

Prismatic Diffuser

Slightly arced to scatter light evenly and eliminate hot spots

SEEING IS BELIEVING...

The Quasar Reach Tubular Skylight will transform any dark space by filling it with beautiful, soft, evenly dispersed, natural light. It incorporates a circular, highly reflective light pipe that captures much more light than traditional skylights without transferring heat - and is also more affordable than traditional skylights! The Quasar Reach Tubular Skylight is manufactured in the USA using only quality components and is backed by a 25 year product warranty - best in the industry!

Before

After

HOW IT WORKS

The low profile acrylic dome transfers the full spectrum of sunlight - even in early morning and late afternoon. The light passes through a super-reflective, mirror-like tube which bounces the light as it travels. The ceiling diffuser then disperses a soft light into your home. The

The Quasar Reach Tubular Skylight also reduces the UV rays that can cause fading on carpets and furniture. The resulting light from the 10" model is equal to approximately 300 watts incandescent light - but all pure and natural!

STREAMLINED DESIGN

Designed with curb-appeal in mind, the low profile unit blends seamlessly into your roof line. Inside, the sleek Euro-styled light fixture matches any home decor.

**EASY
2 HOUR
INSTALL**

The Quasar Reach Tubular Skylight installs easily in about 2 hours with no structural changes needed.
